Just as Clothes Make the Man--

Printing Makes the Business

No matter how efficiently you manage your business . . no matter what great amount of effort you put into it . . there may still be something lacking in making it the success you want it to be.

Your PRINTING tells the world all about you. If your letterheads are attractive . . if your folders and other literature are well-designed and well printed . . then the public is bound to think of your firm as a live, reliable organization.

On the other hand, cheap, poorly prepared printed matter tells just the opposite story.

Why take a chance . . when GOOD printing costs so little more than the other kind? We will be glad to have one of our representatives call whenever you wish . . to help solve your printing problems and show you how we can GIVE YOU MORE FOR YOUR MONEY.

Complete Office Outfitters

We carry a complete line of everything needed in operating a modern office. Latest designs of furniture and up-to-date filing equipment . . in both wood and metal

The Metal Secretaire

A large storage drawer at the top and a locker compartment at the bottom . . the latter containing a filing drawer for correspondence. Another drawer for cancelled checks, insurance policies, sales bills or an 8″ x 5″ or 6″ x 4″ card index. Each file drawer has a complete set of strong indexed folders for correct classification . . quick filing and finding. There is also a roomy compartment 5½ x 12 by 11 inches, closed by a secret catch. Two other compartments . . one hidden . . the other open to view . . suggest a multitude of uses. Contents are safely guarded by a three-figure combination Sesamee lock.

You Need Printing!

OF course; -- nearly everyone does. But what KIND of printing....that's the question!. You can't simply say that printing is printing and let it go at that. Think of the difference between a fresh-laid egg and that of yesteryear!

And there's a whale of a big difference between printing....of the sort you love to look at....and "run-of-the-mill" variety.

In emphasizing your need for printing, what we mean to coyly suggest is that you really need Concord Press printing.

Let's get together!

One ship sails east, and another west,
By the self-same winds that blow,
Tis the set of the sails
And not the gales,
That decides which way they go.

Like the winds of the sea are the ways of fate
As we voyage along through life,
Tis the will of the soul
That decides the goal,
And not the calm or the strife.

Ships won't come in . . . if you don't send them out

Translate "ships" into salesmanship, then put it in print. There is something you can send out with reasonable expectation of profitable returns.
